Transmittal of Shop Drawings
for Checking

25X1A9a

Dear Mr. [REDACTED]:

Enclosed herewith are one print each of the following shop drawings which were submitted to this Office for checking:

25X1A

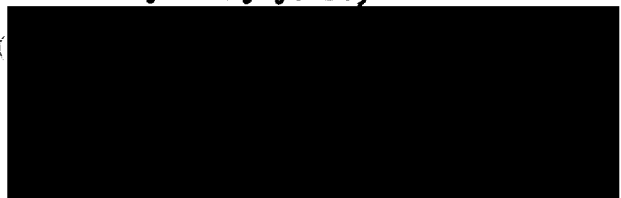

Confirming teletype to you dated 6 November 1953, the drawings, Items 1 to 5 inclusive, are approved as to general arrangement, subject to the detailed requirements of the specifications and plans, and space conditions for installation.

Approval is also subject to the noise limitations of the specifications as mentioned in letter to you dated 29 October 1953, re "Equipment submitted for approval." Note also that the compressor shall be relocated according to instructions in above-mentioned letter.

Very truly yours,
